Mission Statement

The focus of Marlboro Electric Cooperative, Inc. is to make electric energy available to its members at the lowest cost consistent with sound economic principle and management.

Your Touchstone Energy® Cooperative

'Tis the season for cooking safety

THE KITCHEN is the heart of the home. Sadly, it is also where two out of every five home fires start. Many home fires occur during what is supposed to be the happiest time of the year—the holidays.

Thanksgiving, Christmas Eve, Christmas and New Year’s hold a tradition of cooking, and safety should always be considered in the kitchen.

As we embark on the holiday season, Marlboro Electric Cooperative and the Electrical Safety Foundation International (ESFI) urge you to use a few simple safety tips to identify and correct potential cooking hazards, indoors and outdoors.

Indoors

- ▶ Never leave cooking equipment unattended, and turn off burners if you have to leave the room.
- ▶ Make sure children stay *at least* three feet away from all cooking appliances.
- ▶ Prevent potential fires by making sure your stovetop and oven are clean and free of grease, dust and spilled food.
- ▶ Remember to clean the exhaust hood and duct over your stove on a regular basis.
- ▶ Keep the cooking area around the stove and oven clear of combustibles, such as towels, napkins and potholders.
- ▶ Do not wear loose clothing that can catch fire.
- ▶ To protect from spills and burns, use the back burners and turn the pot handles in, away from reaching hands.
- ▶ Plug countertop appliances into ground fault circuit interrupter-protected outlets.

Happy Thanksgiving, Merry Christmas and Happy New Year from our family to yours!

South Carolina Living publishes a combined November-December edition each year. We will return with our biennial Legislative Guide issue in January.

Marlboro Electric will be closed on Nov. 27 and Nov. 28 for Thanksgiving. We will also close on Dec. 24-Dec. 25, for Christmas, and Jan. 1 for New Year’s Day. Emergency crews will be on standby.

Wishing you and your family a Happy Thanksgiving, Merry Christmas and Happy New Year from Marlboro Electric Cooperative!

- ▶ Locate all appliances away from the sink.
- ▶ Keep appliance cords away from hot surfaces like the range or toaster.
- ▶ Unplug the toaster and other appliances when not in use or cooking is complete.

Outdoors

We’d like to add a few tips for members who enjoy deep-fried turkey:

- ▶ Cook away from anything flammable, including wooden decks.
- ▶ Do not cook under or near your service line or any co-op facilities such as poles, lines, underground transformers, etc.
- ▶ Do not leave the fryer unattended while the turkey is frying.

Let’s stay focused on safety throughout the holiday season—and every day.

Jeff Quick

Secretary/Treasurer

Students & teachers, apply for D.C. trip

STUDENTS MAY APPLY for the 2015 Washington Youth Tour (June 13–18) from Dec. 1, 2014 to Jan. 31, 2015. Applications are available at Marlboro Electric or online. Also, two South Carolina high school teachers will be chosen to serve as chaperones on the 2015 Washington Youth Tour. The deadline for interested teachers to apply is Feb. 2, 2015. For more information, visit MarlboroElectric.coop or YouthTour.coop.

Marlboro Electric lands new industry

WYMAN-GORDON, a manufacturer of large titanium and super alloy forgings for the aerospace and power generation markets in the United States, Europe and Asia, will establish its newest manufacturing operations in Dillon County.

Marlboro Electric Cooperative and its solely owned subsidiary, Marlboro Development Team, were instrumental in the recruitment of this new Fortune 500 Company and S&P 150 company to Dillon County. Through constructing the new spec building as well as developing and certifying the industrial park, MEC allowed Wyman-Gordon the ability to visualize the future potential of a location in Dillon County.

“Product development is the key to growth and prosperity, if you want to become a successful industry leader in economic development,” said William Fleming, president and CEO of MEC and MDT. “Our organization, along

with our partners on this project, Dillon County, NESAs, Lonnie Carter and his team at Santee Cooper, and many more, did what was necessary to recruit and finalize the deal. To effectively present them with the best option to meet their needs for a readily available site, we brought the project’s decision makers to Dillon County, and flew them around the site to show off the impressive area.”

“We were attracted to the overall business environment in South Carolina. Our new facility will be located in the center of a rapidly growing aerospace sector with easy access to highways, ports, and, most importantly, many of our customers,” said Greg Paolini, VP and general manager at Wyman-Gordon.

Wyman-Gordon is locating in the new 50,000-square-foot spec building located in the Northeastern Commerce Center. It is expected to invest \$115 million and create more than

400 new jobs over the next five years, according to a release from Governor Nikki Haley’s office.

“The impact of this project on Dillon County is even greater than yet realized,” Fleming emphasizes. “Not only is the initial investment one of the largest in the state, but the amount of well-paying jobs committed will improve the quality of life for the entire county and region. The Northeastern Commerce Center is already being described by Wyman-Gordon as their new ‘campus and showroom’ for their entire organization and for their customers. This one announcement is just the beginning of opportunities and growth for the industrial park and for MEC’s service area.”

Construction will begin by the end of the year and production is planned to begin by mid-2015.

‘Check-list’ for your name

Capital Credits

AS A NON-PROFIT, consumer-owned business, Marlboro Electric Cooperative returns margins in

the form of Capital Credits to their members each year.

The names listed are Capital Credit checks returned by the post office as undeliverable as addressed, or the

check was delivered but never cashed.

If your name is on the list, please contact our customer service by Dec. 31, 2014. Questions, please contact our office at (843) 479-3855.
